After your many years of dedicated service to the students of Maumee Valley, we the Junior class wish to show our appreciation for your guidance throughout our academic life.

Since you have been with us, you have shown the students the necessity of leadership and learning. Through your assistance we have learned to help ourselves and to accept the responsibilities of life. You stimulate our individual interests, you encourage our enthusiasm for work, and you prove that the strong friendship between the student and teacher is possible.

It is difficult to enumerate all your fine qualities. We hope, therefore, that we have adequately expressed our thanks by dedicating the 1962 Weather Vane to you, Mr. Adolf C. Nelson.

## To the Members of the Class of 1962

Benjamin Wright, former President of Smith College, has written that, "All the lessons of the past . . . seem to support the proposition that our greatest need is a statement of principles which will explain our civilization to ourselves and to others, one which will be based not just upon the magnificent gains of the past but will also provide that vision of a better future which all people crave."

Today our civilization faces the greatest challenge in history. Our times require mature individuals who are able to think effectively and who can make relevant judgments. It is imperative, therefore, that each one of you be concerned with excellence and leadership, and that you hold to a high standard of values.

Each of you will soon be one of three of four millions of young people attending American colleges. I hope you will learn to think more independently and to reach an adequate realization of the challenges facing you. An ancient Greek proverb says, "Happiness lies in the exercise of vital power along the lines of excellence in a life affording them scope."

**WHITE BIRDS WATCH**

The reins of the moon are loosed,  
and the skidding sea plummets down the berm-backed sand  
With the vigour of a rangy roan on turf.

White birds skim the crescent bay  
Drifting above the tentacles of foam  
Flung by the mane of the long sea.

Lighting on silver drift logs they watch  
The seal-black rocks drowning  
In the rhythmic hoof-beats of the waves

As insistent as the pulse of Bach  
Rehearsing new counterpoint  
On the measures of sand.

Far at sea the white wind-mariners  
Raucous with liberty ignore  
The subtle nets of the wind-woven sky,

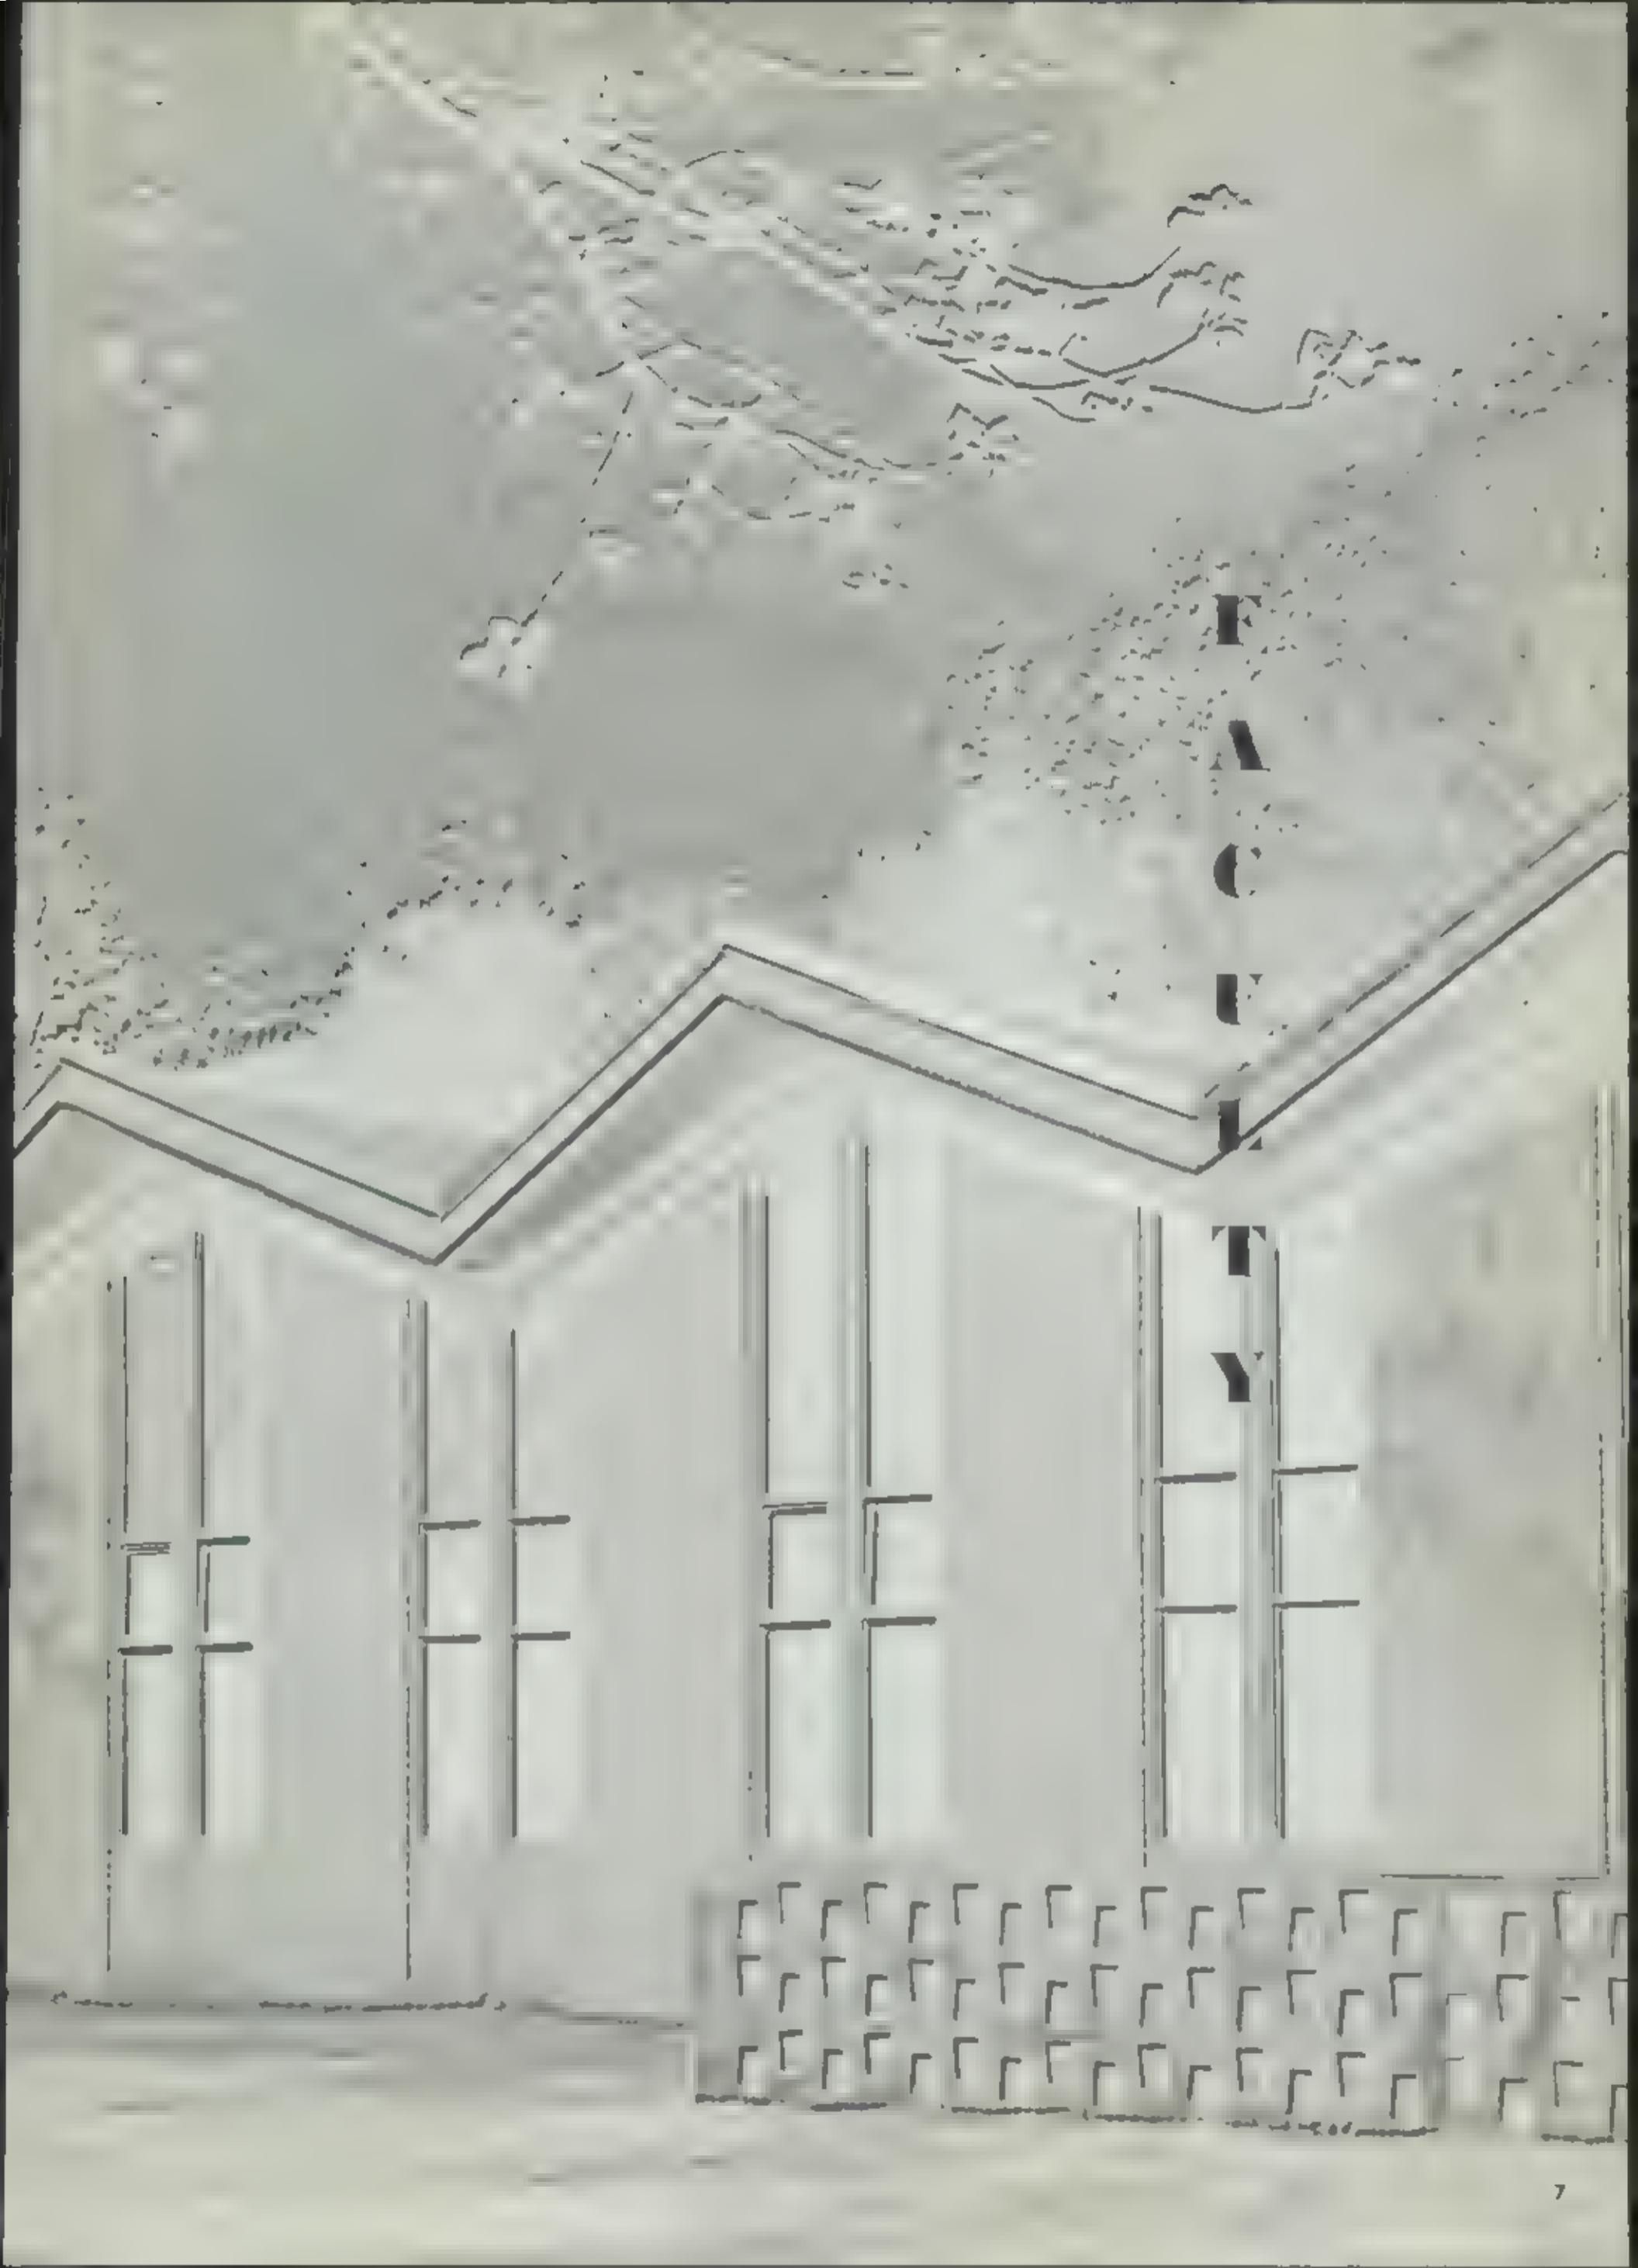

And follow the gleaming flanks to the shore  
Where the quays trace  
Giant stalls in the sand.

Wary of the rip-tide and deaf  
In the cacaphony of breakers  
They wheel high above the shifting current;

And the sea, mindful of a steely bit,  
Halts and crops the tangled kelp,  
Cooling its heaving sides in a quiet coda.

—Sherry Lougheed, '61

For this poem Miss Lougheed was awarded fifth place in the *Atlantic Monthly* creative writing contest for 1961.

*Jean Louise Blank*

An enthusiastic track and football player, Tom has also displayed his acting talents in the "Mad Woman of Chaillot" and "Gunfire," a senior farce. He was singled out and distinguished by receiving the Hugh Coryell Memorial Scholarship. Final exams and homework on weekends displease Tom, but he's an avid fan of Dave Brubeck, the Peppermint Lounge, and driving in fast cars. Tom has decided to attend Northwestern or Carnegie Tech

A member of the French Club, Science Club, Drama Club, and Creative Writing Club, Jeannie has pursued many diverse interests. She has also performed in both the One Acts and the All School Play. Jean disapproves of Mondays, weekend themes, and Donna Hayes's vocabulary sentences, but she is eager to add her approval of Fridays and senior privileges. Her college choice is Allegheny.

*Aubrey Thomas Bracken, Jr.*

*Barbara Anne Bristow*

"Malt", strangely tagged Thermometer, has played football and baseball, but most people will remember him for his skill on the basketball court. His liking for school is unusual, but perhaps he hopes to impress Hobart or Miami with the fact. During his two year sojourn at M.V., he has gained many friends with his easy-going manner, among the faculty as well as the student body.

Barb's three years at Maumee Valley have proved productive as she has joined the Madrigal Singers, Glee Club, and French Club, and has participated in the One Act Plays. Summer vacations and weekends appeal to her; term papers and lunch do not. Capitol is her college choice

*Maltbie Sherwood Brown Jr.*

*Nicholas K. Browne*

Ralph, an honor student and National Merit semifinalist, deserves acclaim for graduating his Junior year. In five years at Maumee Valley, he has been in the One Act Plays and the All School Play, as well as a member of the Science Club and Chess Club. Ralph has also contributed to the improvement of the school as the Weather Vane sports editor and reporter. Brown University will certainly be proud to have such a fine addition

A track, football, and basketball star, "Nick" is a sports enthusiast and was appointed sports editor of the Weather Vane and the Tomahawk. Nick's leadership ability was aptly demonstrated as Class President for three years and Vice-President of the Student Council his Senior year. Nick likes the Peppermint Twist and Sunday football games, but he cares little for Friday afternoon Physics Lab, bomb shelters, and provincialism. As much as Nick has accomplished at M.V. in six years, he will be a fine addition to Williams College

*Ralph Oliver Chipman*

*Clarence Melville Condon III*

Anne, an honor student, has been secretary and treasurer of the Junior Council of World Affairs, Co-President of French Club and an enthusiastic member of the Pep Club. Anne's skill as a hockey and basketball player has often been lauded. A fan of J. D. Salinger, the twist, and the Senior Den, Anne disapproves of loud radios and people who don't bring their books to class. After eleven years at Maumee Valley, Anne wishes to attend Vassar or Sarah Lawrence.

Chip's basketball, football, and tennis prowess is well-known. A member of the One Act Play cast for two of his six years, Chip also joined the Chess and Science Clubs. Apparently his only dislike is missing foul shots, which he rarely does. Chip has been a worthy addition to the Senior class.

*Anne Baldwin Douglass*

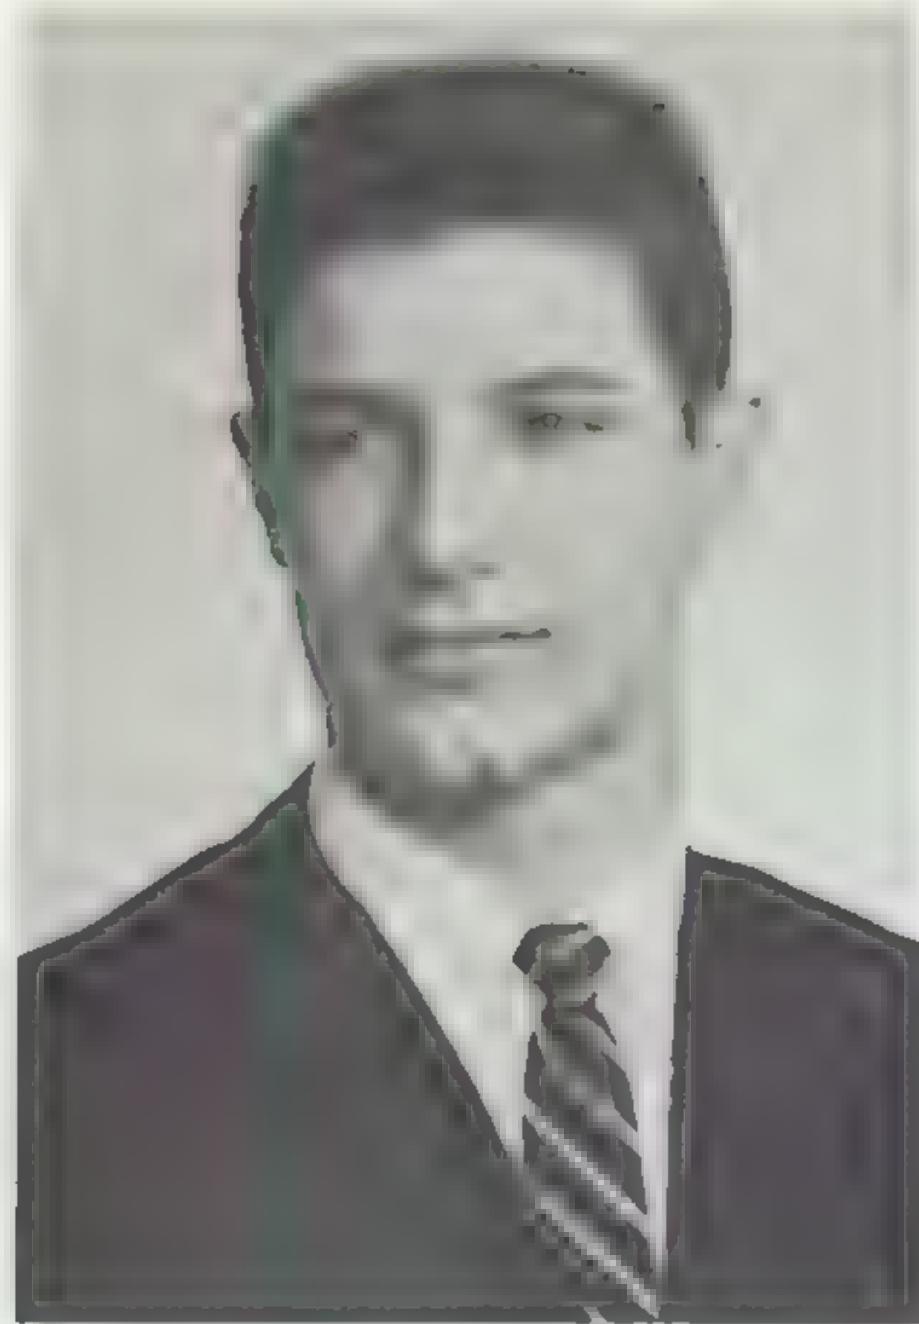

*Cheryl Lynn Fine*

Cheryl, well-known for her work on dance committees, has also been active in the Creative Writing Club and the One Acts. Cheryl was given a big responsibility when she was elected editor of the Weather Vane, and she aptly accomplished the task, as the 1961 Weather Vane testifies. Unreasonable people and stupid traditions are among her dislikes, while she enjoys Fridays, weekends, holidays, and the twist. She wishes to attend the University of Arizona.

*John David Foresman*

"Fores" is prejudiced against "little fat boys", red and white Ford station wagons, and the U. S. Bonds. However, he likes vacations, the Brothers Four, and Gordie Howe. In his four years at Maumee Valley, John has been on both the football and baseball teams. The One Act Plays and the All School Play have also benefited from his talents. He hopes to attend either the University of Michigan or Hillsdale.

*Ashley Carlton Fox*

Dick, who has been at M.V. for two years, has joined Chorus, and Science Club, and Chess Club, and was elected Vice President of the Electronics Club. He is annoyed with people who don't use turn signals, calendar days, and the buses, but he feels that class parties, girls, vacations, and '60 Valiants need little improvement. When he graduates, Dick hopes to attend Wesleyan University or Bowdoin College.

"Foxie", an active addition to the school, has participated in three All School Plays, the Junior Council of World Affairs, Hi-Y Club, and Science Club, and has won several smashing victories for the Chess Club. Not only did Ashley act in his class's One Act Plays, but he won the best actor award in his Senior year for his unforgettable portrayal of "Chestnut". Baseball, football, and basketball have also benefited from his abilities. Girl chess players and crutches aggravate Ashley, but he really praises Mary's apple pie. Everyone hopes Cornell will appreciate him as M.V. does.

*Richard Charles Gearhart, Jr.*

*Donna Gene Hayes*

Winner of the Silver M.V. in her Junior year, photographer of the Weather Vane, and writer for the Tomahawk are only a few of Carole's accomplishments. She was also a member of the French Club, Dramatics Club, and Pep Club, as well as a member of the Varsity hockey, basketball, and tennis teams. Carole dislikes a messy senior room, V. W.'s without radios, and doing term papers, but she declares that anything else is fine, as long as it's red. After gracing the halls of Maumee Valley for nine years, Carole hopes to continue her education at Depauw or Cincinnati University.

"Smiley" is well-known at M.V. for her violent debates with Bill Johnson, her dislike for Kennedy and her fellow seniors, and her political arguments with Mr. Schofield. Donna has been honored by being admitted into the Cum Laude Society and receiving the Science Project Award. Besides these meritorious achievements, she has faithfully served the Chess Club, Science Club, Creative Writing Club, and Junior Council of World Affairs. As any member of the senior volleyball team will tell you, Donna has been a willing and capable captain. Donna will attend the Massachusetts Institute of Technology.

*Caroline Joan Homlar*

*Ebon Richard Jones*

Conformity means girls who smoke in Jim's book, and this is one of his dislikes. In the same category are cars that won't start and girls in numbers exceeding one. On the other hand, Jim likes all kinds of music, all sports, and Mary's apple pie. Jim has been honored by being elected President of Student Council, as well as a representative, and the Vice President of his class. A member of the Varsity football and basketball teams, he has contributed greatly to the athletic standards of the school. As the Weather Vane senior editor, and an active member of the Chess Club, Science Club and the Junior Council of World Affairs, Jim has been kept busy with his diverse interests. After five years at Maumee Valley, he hopes to attend Williams College.

Rick's leadership abilities have been aptly demonstrated in his fulfillment of such posts as Vice President of the class, President of the Hi-Y Club, President of the Electronics Club, and Vice President of the Science Club. Rick has been honored by admittance into Cum Laude his Junior year. As Weather Vane editor and Tomahawk reporter, "Cheese" has had little spare time. In that spare time, however, he likes to listen to the Limeliters, the old Kingston Trio, "Runaround Sue", and the rest of the time is spent sleeping. He dislikes Ford station wagons with two tones of red, "Cheese", and the John Birch Society. After being at M.V. two years, Rick looks forward to attending Princeton.

*James Stevens Kile*

*Edward Ford Knight, Jr.*

Mimi has participated in many activities during her five year sojourn at Maumee Valley, including Madrigal singers, Glee Club, Drama Club, Chess Club, Pep Club and French Club. She has also contributed her skill to the basketball, volleyball and hockey teams. While Mimi's dislikes include progressive jazz and Freudian Psychology, she gladly praises music, laboratories, coffee breaks and Owens Sound, Ontario. She is looking forward to attending either Smith College or Pembroke

Ted, or preferably called Joker, has been at Maumee Valley for ten years. Ted enjoys attending the meetings of the Creative Writing Club. He also excelled in many sports, contributing his many skills to the track and football teams. Besides being an athlete, Ted has graced the stage in such immortal plays as "The Madwoman of Chaillot" and "Gunfire". He hails parties, flying, and building fast cars, but will not tolerate school food, pseudo intellectual, alarm clocks, and traffic tickets. Ted's dislike for excerpts from Albert Schweitzer accounts for his continual absence from assembly. He is headed for Hobart or St. Lawrence

*Melinda Sue Meyers*

*Meredith Ann Morse*

Miss Alaska of 1959, as Mary is lovingly called, came to M.V. in 1958. In four years she has been active in French Club, Science Club and Pep Club, as well as being an enthusiastic cheerleader and an ardent hockey player. Mary seems to thrive on bridge in the senior room and slumber parties, but she has a strange aversion for porch lights, Sunday drivers, and early college admissions.

"Merch" has joined the Dramatics Club, French Club, Pep Club, and Chorus. She was kept busy as director of the seniors' winning One Act. Merch frowns on people who smile in the morning, but she admires the beautiful painting job in the senior room. She is looking forward to an acceptance from Smith or Vassar.

*Mary Elizabeth Northup*

*Margaret Janelle Orians*

Renowned playwright and soccer champion, Terry has been a distinctive addition to the Senior class. Besides writing the one-act play, "Gunfire", he has actively participated in basketball, football, and tennis. Terry also showed lively enthusiasm in the Science Club. Although he dislikes people (in general), he likes cars, parties, skiing, and boats. After a seven year sojourn at Maumee Valley, Terry expects to go to Neuchatel, Switzerland or Colorado

Secretary of her class, Co-President of the Pep Club, and a member of the French Club are a few of Jan's activities. She complains about people who wear red blouses with purple lipstick, but she lauds summer vacations at the lake and the senior den. After four years at Maumee Valley, Jan would like to go to Stetson University.

*Terry Rhodes Phillipps*

*Ann Elizabeth Plummer*

The "Bird's" athletic interests have faired well as cheerleader for four years, head cheerleader her senior year, varsity hockey and basketball player for three years, and avid member of the Pep Club ever since she was a freshman. "Plum" frowns upon Donna Hayes's pretentious attitude and people who say "I agree . . . . but." However, she likes T. S. Eliot, psychoanalyzing people, and the new space-saving box of Kleenex tissues. After graduating, Ann hopes to attend Chatham

*William Harris Scharf*

Bill is to be congratulated for graduating his Junior year, a testament to his excellent academic record. He made his debut on the stage in "The Madwoman of Chaillot", and joined the Investment Club in his Sophomore year. With an interest in the piano, Bill wishes to attend either Harvard or Holy Cross.

*Paul Charles Sinclair*

French Club, Student Council and cheer-leading are only a few of Sally's activities. She is also an accomplished basketball and tennis player, and makes hockey goals with ease. She was elected Junior Marshall for the 1961 graduating class, and was an editor of the Weather Vane. Sally is dismayed by Mondays and "Tiger's" growl, but she finds a haven in the senior room. Mt. Holyoke will gain a worthy addition with Sally's admittance.

For four years, "Bzinque" as he prefers to be called, has participated in many worthwhile projects, such as a One Act Play, the All School Plays, the Tomahawk, Hi-Y Club, Electronics Club, and not only a member but also the President of the Creative Writing Club. Charlie dislikes English Fords, Volkswagons and W.S.P.D. Anyone who knows him will readily believe that his favorite pastime is loafing and praising the Blue Beast. His college choice is Union or Case.

*Sarah Anne Smead*

*David Terry Stihler*

An active fan of football games and drive-in movies, Scott dislikes paper towels, pseudo-sophisticates and red and white Ford station wagons. A basketball, football and track enthusiast, he has not confined his interests to athletics. He has also been a member of the Science and Electronics Clubs, a reporter for the Tomahawk and Weather Vane, and the Chairman of the Senior Prom committee. Elected by his class to be Vice-President and Treasurer, he served these posts well. After graduating, he will head for Trinity College or Colgate.

An all-state football player, "Moose" is an avid sportsman. Three years of varsity football and a year of wrestling and track have captured his athletic interests. He has also been active in the Hi-Y and Science clubs, as well as a member of the cast of "My Sister Eileen". Dave shuns any kind of work, snobs, and sports class, but he welcomes soft music and fast driving. With three years of Maumee Valley behind him, Dave intends to head for Bowling Green.

*Scott William Sutherland*

*Mary Le Conte Taylor*

"Tusch's" athletic abilities were demonstrated as a member of the football, basketball and track teams for four years. He is annoyed with hospital food and getting up in the morning, but he likes Dr. McCoy's lectures in Zoology, sleeping and Wilt Chamberlain. Hoping to become a lawyer, Tom will attend either Miami University or the University of Michigan.

Sweet Briar or Pomona will be lucky if Molly decides to spend her four college years at one of them. At Maumee Valley, Molly was Vice-President of the Drama Club, Vice-President and President of her class, President of Pep Club, Freshman Student Council Representative, as well as a finalist in the Declamation Contest as a sophomore and Business Manager of the yearbook. Molly enjoys good parties with wild bands, twisting, and scrumptious food. However, she disapproves of pseudo-intellectuals and the expression "Mickey Mouse".

*Thomas Erwin Tuschman*

*Judy Phelps Ward*

"Sooty", renowned singer and actress, has been a member of both Chorus and Madrigals, and has participated in the One Act Plays, Declamation Contest, and the All School Plays. She has won acclaim for her title role in "My Sister Eileen" and for her winning declamation. Sue's "pet peeves" include sleeping bags and "Norman", but coffee breaks, whipped cream and apple cider are more to her liking. She is heading for Indiana, Northwestern, or Wisconsin.

French Club, Investment Club, Chorus and Madrigals have kept "J.P." busy for her four years at Maumee Valley. A rising young actress, "J.P." has already won the best actress award in her senior year, and has graced the stage in the title role of "The Madwoman of Chaillot." She has also been a finalist in the declamation contest. Her athletic interests have also fared well as a member of the basketball, volleyball, and hockey teams. With a strong dislike for a messy senior room, lunch, and Mr. McCoy's evil eye, she enjoys music, Rachmaninoff, stuffing Ghia's and coffee breaks. Wisconsin or Michigan State is her goal.

*Susan Bayer Ward*

*Nikki Carolyn Waynar*

During her one year at Maumee Valley, "Nik" has been a worthy addition to the Blue Team and the Creative Writing Club. She is annoyed by people who call her "Nikki-wild dog of the north", but she is pleased with senior privileges and M.V. She would like to continue her education at Wells College or Western College

## The Junior Class

The Juniors presented *The Lottery* as their one act play. The Class of '63 also maintained a high academic standard throughout the year and prepared for college by taking the Junior College Boards.

Even though the class was somewhat preoccupied, it still showed much interest in school clubs. They were very active in any club in which they were members.

## The Junior Class

The Juniors spent most of the fall with their time-consuming project, the ad campaign. With the aid of skits and publicity, they collected many ads. However, the class obtained more ads than any other class and, therefore, didn't have to give the traditional Weather Vane Party.

The class was also busy planning for the Senior Prom to be given in June. Many money-making projects were suggested with a few being carried out.

## The Sophomore Class

Besides settling down to high school life, the Class of '64 received their class rings, the real token of finally achieving the high school rank

Other than being well represented in clubs, the class is also an active part in varsity sports, both boys and girls. The leadership gained now will carry them through their future years

## The Sophomore Class

The Sophomores presented their dance, Boop-Boop-Be-Doop, on November 4. It was a 1920, Charleston theme with attractive decorations. The success reflected the good organization of the class as a whole.

Soon after the dance, some Sophomores began practicing for their entertaining play, *An Apartment To Share*.

## The Freshman Class

Entering high school this year, the Freshmen have shown their interest by participating in various varsity sports. They have joined and actively attended many clubs. Even though it is the largest class, the Freshmen are well organized and slowly achieving the leadership needed later in life.

*Standing, left to right:* Maryl Gandy, Becky Reynolds, Barbara Scarbrough, Nancy McLean, Priscilla Kirkby, C. Andrews, Lynne Jones, Terry Gilmore  
*Kneeling, left to right:* Jim Stanley, Harry Robinson, Dick Heymann, Mike Barthold, Lee Eiseman, Dick Steinberg

## The Freshman Class

The class has indeed added to the spirit of the high school by attending its functions and sports activities. However, they have also found time to study

## The Eighth Grade

The Eighth Grade began the year by following the custom of presenting a party for the Seventh Grade, welcoming them into the upper school.

Now that the Class of '66 have become increasingly rooted in the trend of upper school life, they have begun to put more emphasis on their academics. As a result, they achieved a high class average.

Among their various activities during the year, the class won the Hubert V. Correll "One Act Play Contest" with their interpretation of *Close You, Jack Dalton*.

## The Sixth Grade

During the last year of school in the lower school the sixth graders have taken a different approach to reading. In the first semester they read two fanta-

## **Student Council**

The Student Council, in order to become more efficient, has cut its size in half. Jim Kile, Council President, started the year by proposing this reduction and by suggesting that the election of the Student Council representatives be held in the fall, rather than in the spring, to give an equal chance to new students. While the Council sponsored annual functions such as the individual picture sale, a college panel, and the CARE money drive, it also introduced a new project this year. It asked various faculty members to speak on subjects in their particular fields of interest. Mr. Chapman, advisor to the Council, began the series with a talk entitled, "Fifth Century Greece." The Student Council of 1961-62, under the leadership of President Jim Kile, has proved its ability to handle many activities.

## **Junior Council of World Affairs**

The Junior Council of World Affairs met monthly, primarily to discuss world problems. An area Council meeting was held at MV early in the school year. Through the Council, Maumee Valley entered a quartet of history scholars into the area "Quiz Bowl." In the spring, the Council participated in the Junior Council of World Affairs Spring Institute which was held at the University of Toledo.

## The Chess Club

The Chess Club, under the supervision of Mr. Chapman, met every second and fourth Wednesday during the school year. Although the members participated in matches with other schools, the organization functioned as a club rather than a team, in keeping with Maumee Valley's "studies first" tradition.

*Left to right: Kelly Thoma, Mrs. Northup, Sally Smart, Ann Plummer, Mary Ann Carson, Ginger Coon*

## **The Varsity Cheerleaders**

The Varsity Cheerleaders, enthusiastic throughout the sports season, were active not only during games but at morning assemblies as well. Under the leadership of Ann Plummer, they guided the spectators' cheering at games both at home and away.

## The Pep Club

Shown here are the officers of the Pep Club: Jan Orians, Vice President; and Molly Taylor, President. The Pep Club was responsible for the posters covering the halls before football and basketball games. Presenting short skits in the morning assemblies, the Pep Club encouraged the teams and stood behind the cheerleaders.

## The Junior High Cheerleaders

The Junior High Cheerleaders, Kathy Greene, Michael Ashley, Kathy Gilmore, and Star Hard, helped boost the morale of the Junior High boys' games. Peppy, eager, and spirited, they added to the excitement of the games.

## The Creative Writing Club

This year, the Creative Writing Club held its meetings on the first Wednesday of each month at the various members' homes. Mr. Stockwell, Mr. Donnelly, and Mr. O'Leary attended these meetings and took part in the discussion and criticism of the essays, poems, and short stories written by the members. As in previous years, the purpose of the Creative Writing Club has been to elect the works which eventually make up the *Literary M.V.*

In spite of great handicaps, Maumee Valley's tennis team emerged victorious. Because the only tennis court at school is the gym, which is usually being used for some other purpose the team had to provide their own practice sessions. Also, the school's equipment for tennis is extremely poor. In light of these facts, the team's record is noteworthy and is an indication of the great desire of the players.

## Girls' Sports

Girls at Maumee Valley participate in several different sports, field hockey in the fall, volleyball and basketball during the winter, and assorted spring sports. Besides competition with other schools, there is fierce rivalry between the Blue team and the White team for the candle, a tradition which was begun in 1934.

## THOUGHTS

Personally I am always ready to learn, although I do not always like being taught.

Winston Churchill

The brighter you are, the more you have to learn.

Don Herold

Everyone needs a warm personal enemy or two to keep him free of rust in the movable parts of his mind.

Gene Fowler

If you don't pay attention to the periphery, the periphery changes and the first thing you know the periphery is the center.

Dean Rusk

The voice of the intellect is a soft one, but it does not rest until it has gained a hearing . . . This is one of the few points on which one may be optimistic about the future of mankind.

Sigmund Freud

I don't like a man to be too efficient. He's likely to be not human enough.

Felix Frankfurter

If a philosophy is to bring happiness it should be inspired by kindly feelings. Marx pretended that he wanted the happiness of the proletariat; what he really wanted was the unhappiness of the bourgeoisie.

Bertrand Russell

We must have respect for both our plumbers and our philosophers or neither our pipes or our theories will hold water.

John W. Gardner

To me the charm of an encyclopedia is that it knows—and I needn't.

Francis Yeats-Brown

When a thought takes one's breath away, a lesson on grammar seems an impertinence.

A black and white photograph of a modern, single-story school building. The building has a light-colored, possibly stone or concrete, exterior. A prominent feature is a large, dark, overhanging eave supported by thin columns. A small, dark entrance is visible on the left side. On the right side of the building, the words "MAUMEE VALLEY COUNTRY DAY SCHOOL" are printed in a serif font. The building is set against a backdrop of large, mature trees and a cloudy sky.
